*Approached through a dramatic 15-foot rotunda foyer with art niche. The spacious living and dining areas feature coffered ceilings and unique interior window details, which visually expand the spaces and provide additional light and views. Perfect for entertaining, the angled, island kitchen is light and bright and opens to both the family room and patio. A particularly nice feature is the oversized den/study, which enjoys access to the private courtyard. Several art niches enhance the path to the master bedroom, which boasts a curved window wall and luxurious master bath.*

All dimensions are approximate. Ceiling heights and window sizes, styles and locations may vary with exterior design. Renderings are artist's conceptions and may vary from actual home.
